

ABOUT US

The Bullpen Way Station & Sanctuary is a nonprofit organization that provides advocacy and sanctuary for giant breed dogs and other vulnerable companion animals. Located in beautiful Norwood, Georgia, we rescue, rehabilitate, and re-home dogs both locally and on a national scale. In addition to our rescue program, The Bullpen also works to improve general animal welfare in our area by promoting community outreach/education and fostering partnerships and coalitions between individuals, local businesses, and rescue groups.

STUDIO SPONSORSHIP

The Bullpen is proud to operate a modern, eco-friendly, and dog-centric facility. When they aren't outside romping in one of the many oversized play yards, our dogs kick back in the climate controlled rescue barn, while listening to relaxing tunes on the radio. Our commitment to a 100% "soft" approach means that instead of traditional concrete and chain link kennels, our furry friends live in roomy studios that are outfitted with composite deck flooring and reclaimed wood walls. Each dog has their own big comfy bed and access to a private enclosed outdoor space via doggy door.

By becoming a studio sponsor, you'll ensure that we can continue providing The Bullpen's dogs with a nurturing environment where they can thrive. Your tax-deductible monthly contribution will help offset costs— like utilities, maintenance, laundry supplies, and food— for *all* the dogs that pass through that room for one year.
